Amount of Water used from White Water Brook	151,721,000 gallons
Total amount of Water used by Town	207,360,000 gallons
Average amount used per day	568,111 gallons
Average amount used per capita	47½ gallons

The rainfall for 1936 was the largest in twelve years but it came in a very unusual manner: The largest amount falling the first and last of the year, thereby causing great shortage of water in October.

Your Water Board was much concerned at the low condition of our supply and instructed the Superintendent to buy two electric driven Pumps with a 600 gallon per minute capacity. A temporary coke filter was built and all the electrical work and piping was completed the day our Fall rains commenced.

We should have been pumping water from our Wells into the Mains three days later.

If the Rice Reservoir had not been completed in 1935, we would have been at the pumping point 46 days earlier, as our meter showed that we had drawn 34,000,000 gallons from this reservoir. The cost of equipping the Pumping Station was \$2,600.00 which was an unlooked for expense, but we were able to finance the work from our own treasury.

The replacement of the 6 inch Cement Main on North Street with a 10 inch Cast Iron Main more than doubles the amount of fire protection from the Broad Street Bridge to West Claremont, and we expect it will do away with roily water in that section which caused considerable trouble.

Respectfully submitted,

CHARLES W. EASTER, Superintendent.

REPORT OF TRUSTEES OF FISKE FREE LIBRARY

The year 1936 shows a larger gain over any year since 1932 when the peak in circulation was reached, thus gain is shown not only in the number of books circulated but in the increased use of the reading and reference rooms. 87288 books and magazines have been sent out, a gain of 7244 over last year. There were gains

in all classes except history and religion. The largest gains were in adult fiction, juvenile, sociology, useful arts, fine arts, literature, travel and biography.

The gain in juvenile circulation is very gratifying. The wear and tear on children's books has been such during the last three years that we have had to discard more there than in any other department, without making any noticeable replacements. This year we have added a larger number of fresh books.

1017 books have been added to the library of which 154 were given. Among these additions are several valuable reference books:

Baileys—Symbolism for Artists.

Blacks—Law Dictionary.

Dorlands—Garden Encyclopedia.

World Book Encyclopedia.

But even the increased number of books, which have been augmented by loans from the Public Library Commission and the State Library, has not made it possible to supply the ever increasing demands. (Books are necessary for education whether in school or out.) People must have books to find the facts behind the news reel or radio broadcast—books to fit them for a job or to help them find one—books to keep their sanity when out of work—books to help them understand the changing conditions in our economic world—books for pleasure. To meet the need we urge the town to give generous support to the library.

The usual activities have been carried on and we have tried to cooperate with the schools and clubs and all others who have made special requests. We have sent deposits of books to the schools, the Frances J. Tolles Home, the Sullivan County Home, the Newberry Library and the C. C. C. Camps.

Two library conferences have been attended, the N. H. L. A., at New London and a district conference at Cornish Flat. Mrs. Margaret Sanborn Girard attended the two week Summer School session at New Hampton.

Good Book Week was observed in November with an exhibit of children's books sent out by the Public Library Commission.

The Historical Room has been visited by as many if not more people than last year.

We are sincerely grateful to all those who have made gifts to the library or have in any way helped in service to the community. The following people have contributed in some way to the library:

American Legion Auxiliary; Argus and Champion; Atlantic Monthly Press; Mr. Leonard L. Barrett, New York City; Miss

Assunta Barucci; Mrs. Hira Beckwith; Mr. Albert Benjamin; Deus Boucher; Miss Mary Butler; Catholic Daughters of America; Mrs. William J. We wish to thank the local newspapers for gifts of their weekly issues and for printing lists and other library notes.

CHIEF ENGINEER'S REPORT

To the Board of Selectmen:

During the 12 months ending January 31, 1937, the Central Fire Station received a total of 325 calls, one of the largest numbers on record. Only nine of these, however, were bell alarms, the remainder being still calls. Many of the 316 still calls received were for blazes which might easily have proved serious conflagrations had not the fires been promptly discovered and extinguished.

The nine bell alarms, one less than the previous year's low total, were as follows:

March 6—Box 14, 10:05 p. m., Beaudry block, North street.

April 12—Box 47, 2:55 p. m., St. Joseph's church, Elm street.

May 14—Box 39, 5:25 p. m., Frank Burnham house, Maple avenue.

June 13—Box 17, 12:15 p. m., Harvey J. Cutts estate, Pleasant street.

July 23—Box 8, 3:30 p. m., Lane Brothers barn, Chestnut street.

August 28—Box 19, 10:45 a. m., Dartmouth Woolen Mills, Sullivan street.

September 16—Box 62, 4:40 p. m., false alarm, Myrtle street.

November 11—Box 49, 8:15 a. m., Howard Geddes house, Maple avenue.

November 16—Box 49, 6:30 a. m., Fred Bugbee house, Maple avenue.

The report of all brush and woodland fires will be found under the Forest Fire Warden's report.

HYDRANTS

One new hydrant has been added to the town system during the past 12 months. This hydrant, strategically located at the corner of Broad and North streets, adds greatly to fire protection available in this locality.

FIRE ALARM SYSTEM

Two new fire alarm boxes have been installed during the past year. These are replacements for boxes accidentally damaged, and do not extend the system beyond previous limits, which in the opinion of department officials are adequate to give protection to all sections.

RECOMMENDATIONS

I am recommending this year the purchase of compressed air whistle equipment, including tanks, compressor, and a whistle to be located at the Central Fire Station, replacing the present steam-operated whistle at the plant of the Claremont Paper company. I believe that this will prove much more satisfactory, and that the cost of operation and maintenance will be considerably less than the outlay under the present system.

Again I wish to express my appreciation of the excellent cooperation rendered by all, including members of the department, telephone company employes, police officers, and townspeople in general, in keeping Claremont's fire loss at an unusually low level during the past year. This cooperation has been extremely gratifying to me and highly beneficial to the welfare of the community in general. I urge that it be continued, and that all citizens exercise every precaution to do away with fire hazards and aid in maintaining Claremont's excellent record.

C. E. SEARS, Chief Engineer.

FIRE WARDEN'S REPORT

For the Year 1936

Claremont, N. H., Feb. 4, 1937.

To the Selectmen and Citizens of Claremont:

We had 12 calls for forest fires this past year; 4 of them were railroad fires. The calls all came to the fire station. They respond at once and call the Warden who takes charge. The co-operation of the Fire Department with the Forest Fire Department is a great help and saves time and money for the Town and State.

The total cost of this department was \$142.85.

There are two Deputy Wardens: Alfred Pierce on Dean Hill and Martin Pedersen on Jarvis Hill.

The matter of permits is lived up to very well. There were 379 permits granted in 1936.

I wish to thank all those who assisted me, especially the Fire Department.

Respectfully,

P. J. SHERIDAN, Forest Fire Warden.

POLICE DEPARTMENT

To the Police Commissioners and Citizens of Claremont:

It is with pleasure that I submit my fourth Annual Report.

From January 1, 1936 to December 31, 1936 there were 392 arrests classified as follows:

Burglary	6
Larceny (except automobiles)	28
Auto Theft	2
Assaults	10
Sex Offenses	1
Offenses against the Family and Children	7
Liquor Laws	15
Drunkenness	213
Disorderly Conduct	2
Vagrancy	9
Gambling	5
Driving while Intoxicated	24
Violation of Road and Driving Laws	27
Parking Violations	1
Traffic and Motor Vehicle Laws	24
All other Offenses	3
Juveniles	15
	<hr/> 392

Arrests disposed of as follows:

Paid	104
Given time to pay	49
Committed to House of Correction	97
Cases filed	94
Arrested for out-of-town officers	16
Bound over to Superior Court	11
Appealed to Superior Court	3
Discharged	3
Juveniles	15
	<hr/> 392
Persons given lodging	975
Doors left unlocked	74

Motor Vehicle accidents reported	111
Persons killed by Motor Vehicle accidents	1
Persons injured by Motor Vehicle accidents	73
Calls requiring the use of stretcher	13
Dances, boxing matches, etc.	113

RECOMMENDATIONS

Again this year, as in the past, I am recommending that the Town purchase a light car or motorcycle, with a preference of a car, so that it may be used twelve months of the year, and a man to operate it, to patrol the roads of the Town in an attempt to cut down on the number of accidents.

During this past year there have been 111 accidents reported to this Department with a total number of 73 persons injured which is an increase of 23 persons injured.

I am also recommending that the remaining half of the salary cut be restored to the Police Officers.

REMARKS

This Department would appreciate calls from merchants or homes when approached by vagrants asking for food or money. The practice of giving either food or money to these loafers passing through town only helps to increase their number. If they will approach the Office of the Overseer of the Poor or the Police Department, they will be taken care of properly.

Respectfully submitted,

WILLIAM C. NOBBS, Chief of Police.

HEALTH OFFICER'S REPORT

To the Honorable Board of Selectmen:

In presenting this annual report of the Board of Health for the year 1936. It gives me great pleasure to announce that the year has been free from any epidemic, and that a new low record in the number of contagious diseases was established, with a correspondingly low mortality record in this classification.

The total number of cases reported during the year was 224, classified as follows:

Disease	No. Cases	No. Deaths
Chicken Pox	25	0
German Measles	4	0
Influenza	2	0
Measles	109	0
Mumps	6	0
Ophthalmia	2	0
Pneumonia	16	13
Scarlet Fever	8	0
Septic Sore Throat	1	0
Tetanus	1	0
Tuberculosis	11	2
Undulant Fever	1	0
Venereal Diseases	19	0
Whooping Cough	24	0

Diphtheria Immunization: The campaign for the control of diphtheria that has been carried on in Claremont for the past twelve years, with the result that for the last five consecutive years not a single case of diphtheria has occurred in the town; a record that is equalled in only one city in New Hampshire.

All children, whose parents would give their consent have been given free treatment, if so desired, for the prevention of diphtheria, with the result that today, children of school age as well as many of the pre school age are immune from danger of contracting this dread disease.

Maternity and Infant Welfare: The following report of the health work which has been done in this community during the year by the Division of Maternity, Infancy and Child Hygiene of the New Hampshire State Board of Health, cooperating with the

local agencies as represented through the Child Health Conference Committee. Elizabeth H. Carriel, R.N., Staff Nurse of the Division.

Child Health Clinics:

Number held	2
Number children attending	165
Number defects found	—
Number found with defects	119
Number defects	328
Number defects corrected	80

Dental Clinics:

Number held	12
Number examined	95
Number teeth extracted	1
Number teeth filled	103
Number treated	126
Number sets cleaned	83

REPORT OF THE NEW HAMPSHIRE TUBERCULOSIS ASSO. CLINIC AND NURSING SERVICE IN CLAREMONT

The New Hampshire Tuberculosis Association through the funds raised by the annual sale of Christmas Seals, continued to carry on its case finding, clinic and follow-up service for the people of Claremont, as per following report:

Clinics	6
Persons examined	179
New patients examined	86
New positive cases of tuberculosis	11
New suspicious cases of tuberculosis	16
Contact families under supervision	126
Positive cases supervised	143
Suspicious cases supervised	79
Number of patients receiving treatment at Sanatoria	12

Through an arrangement with the local hospital to provide X-ray of the chest for clinic cases at a minimum cost, great advancement has been made in the early diagnosis of cases.

CLUFFIE M. GOBIE, R. N., Field Nurse.

Vaccination: Acting in accordance with the requirements of the Public Laws of the State, two hundred and five children were given free vaccination by the Claremont Board of Health.

P.L. Chapter 123, Section 1. No child shall attend a public or private school in this State unless he has been vaccinated; or has had smallpox; or has submitted not less than three times to the process of vaccination; or holds a certificate of the local Board of Health that he is an unfit subject for vaccination.

The local board of health shall issue such a certificate on the advice of a registered physician of the state and practicing in the town in which the child resides.

Sanitation: This important part of the duties of a health department covers a large and varied field of activity, although given but little thought or attention by the general public, except in specific cases where a particular nuisance may attract the personal attention of an individual or a neighborhood.

Effort is made to investigate every complaint of a nuisance that is reported to the department, and some action taken, if in the judgment of the health officer such is necessary.

The following list of nuisance complaints were received, investigated and the nuisance abated whenever possible.

Nuisance from keeping hens	3
Nuisance from keeping pigs	2
Unclean cow stables	2
Unsanitary toilets	3
Unsanitary cesspools	12
Unsanitary sewage disposal	8
Dumping rubbish	14
Other complaints	48

The regular inspection of food stores, hotels, restaurants, ice cream parlors, drug and confectionery stores, bakeries, etc., is usually made in company with the state inspector.

The proprietors of these stores very generally comply with the requirements of the pure food laws and the board of health regulations relating thereto.

All complaints to this department regarding unsanitary conditions or of any nuisance will be carefully investigated and if conditions are found to substantiate the complaint, action will be taken at once.

Respectfully submitted,

W. P. PRESCOTT, Health Officer.

January 31, 1937.

AMERICAN RED CROSS

To the Honorable Board of Selectmen:

During the year 1936 the total number of home visits made was 3248 and may be classified as follows:

Medical—701
Surgical—494
Deliveries—3
Communicable—50

Health Supervision:

Infant and Pre-school—787
Maternity—1045
Social Service—168
Total calls—3248

These visits were paid for as follows:

Metropolitan Life Insurance Company	837
John Hancock Life Insurance Company	143
Paid	172
Part paid	52
Free	2044

3248

Birth certificates were delivered from the Town Clerk's office to respective babies' homes.

Babies were weighed twice monthly at the Red Cross office.

Office hours were held daily from 1 to 2 p. m.

Respectfully submitted,

EDITH SLOAN, R. N.

REPORT OF MILK INSPECTOR

During the past year, licenses have been issued to 121 milk dealers and producers. Milk has been examined and tested, and corrections made when necessary.

No disease has been directly traced to the milk supply of Claremont. It is gratifying to the inspector that the housewives of Claremont are reporting more and more any faults they may have with their source of supply, for things would go uncorrected in a number of cases, if complaints didn't come in. It is impossible to see every quart of milk in Claremont every day, and if your supply is not satisfactory, please report it, and the source of the complaint will not be made known to the producer.

Producers are improving in their methods.

No tubercular cattle have been found this past year supplying milk to Claremont, a fact which I hope will be noticed in later years by an appreciable decrease in tuberculosis in children from bovine origin.

A number of dairymen have had their cattle tested for Bangs disease and reactors have been removed, that coupled with the fact that quite a percentage of the supply is pasteurized will eventually put Claremont in a position where we need not fear any undulant fever from our milk supply.

The producers are aware of the dangers of mastitis in cattle and are cooperating with the inspector in keeping that disease out of our source of supply, as best we can.

Thanking both producers and consumers, for their help.

Respectfully submitted,

LEONARD R. HAUBRICH, V. M. D.,
Milk Inspector

REPORT OF BUILDING INSPECTOR

For the Year Ending December 31, 1936

To the Honorable Board of Selectmen:

There were 20 new houses, 11 garages, 1 barn, 5 poultry houses, 1 filling station and 4 stores. The rest of building done has been for alterations. There were 233 permits issued. The estimated cost of building operations was \$118,095.50.

Respectfully submitted,

W. E. ROUNDY, Building Inspector.
